Balanced Bookkeepers - Australian Bookkeepers Directory  
Balanced Bookkeepers is a professional bookkeeping practice and is owned and managed by Maria Andreeva, a CPA qualified accountant and Registered BAS Agent with over 10 years of experience in the Accounting and Taxation industry. Maria and her dedicated team of specialists can provide a complete package of accounting services to the clients. Clients can decide if they want to use all of its services or just one. Balanced Bookkeepers offers a range of services. The company offers efficient, accurate and reliable bookkeeping, tailored to clients' needs. The bookkeepers are highly trained and experienced in BAS preparation. The company is able to lodge BAS electronically and this usually allows clients to have an additional four weeks to pay. Balanced Bookkeepers can also help its clients with financial reporting and debtor management. The company strives to provide its customers with information about its business that is accurate, timely and easy for them to understand. Balanced Bookkeepers' expertise, impeccable attention to detail and dedication to clients' business will free up their time, let them focus on things that are important for them and greatly increase the time they get to spend working on their business.
